MELT AWAY FAT WITH KYBELLA

TRY KYBELLA FOR ONLY \$1000 PER AREA!

Kybella is an injectable treatment that melts away excess fat that causes double chins, bra bulge, upper back rolls, inner knee and underarm fat. The substance is a man-made form of deoxycholic acid, a naturally occurring material that helps the body absorb fat.

Thank you to all who brought in pet food last month!

We had a mountain of donations this year! The Bakersfield Pet Food Pantry is a great organization that helps out so many people and their furry friends! 🐾🐶🐱
